A Letter from Our Leadership

As the health care landscape continues to evolve, medicine is changing at a rapid pace and more demands are being placed on health care institutions and providers. As a community hospital, all we do is at the heart of the communities we serve. Our passionate and tight-knit communities are what drive us to better ourselves as an organization, and achieve quality care and patient satisfaction that sets us apart.

Over the past fiscal year, we found it important to take a look at what makes us unique as a community hospital. With this in mind, we decided it was time to revise our mission, vision and values to better align ourselves for a greater future ahead. The statements are a true testament to the hard work and tireless efforts being done at the hospital, in our clinics and through our community outreach. The heart of Saint Anthony Hospital is in the diverse population we care for.

We also want to ensure that we are providing services that our surrounding neighborhoods need the most. To best achieve this goal, a Community Health Improvement Committee was formed under the leadership of our Community Wellness team so that an accurate assessment could be made about what services were needed most. Two areas of immediate focus were the expansion of primary care and mental health services.

Through events and greater outreach, we saw patients who were in need of health care that were suffering from a lack thereof. But, behind the scenes, our staff are the ones who truly make this work possible. This year, some of our talent was awarded for the strides they have made to make Saint Anthony Hospital shine. In this report, you will see that all we do is for the people we serve. We look forward to continuing our commitment to each person who comes through our doors for years to come.

Guy A. Medaglia
President and Chief Executive Officer

Peter V. Fazio Jr.
Chairman, Board of Directors
Saint Anthony Hospital has focused on building a performance culture that aligns our efforts to the achievement of common goals and objectives for quality care and patient satisfaction. Along with this initiative, we decided it was time to update our current mission, vision and values statements.

We have integrated these measures into our hiring practices, performance evaluations and major activities that we embark on. The senior leadership team worked diligently to revise these and made sure to incorporate the input from the survey results from hospital staff. These statements are posted throughout the hospital and at all our off-site locations for our staff, patients and visitors to see.

**Mission Statement**
As a Catholic hospital, our mission is to promote health and provide quality care to patients and families of all faiths in our community.

**Vision Statement**
Our vision is to inspire change through services that improve the overall health of our community.

**Values**
Our unwavering commitment to service excellence is achieved through investing in our employees and embracing our values of:

- **Customer Service:** We define and meet our customers’ needs daily with compassion.
- **Accountability:** We inspire trust; we honor our commitments; and we do what is right.
- **Respect:** We treat everyone with dignity.
- **Excellence:** We provide the highest level of quality service to our patients and colleagues.
- **Synergy:** We complement each other’s strengths, and, together, through teamwork, we achieve results.

Saint Anthony Hospital’s community is filled with diversity and rich culture; yet, it continues to suffer from socioeconomic challenges with an average annual income falling below $15,000, less than half the average for the city of Chicago.

Both the North and South Lawndale neighborhoods are home to more people unemployed, living in poverty and uneducated than citywide. The hospital and our community wellness programs continuously work to help underserved families and seniors who face multiple barriers, including challenging family life, poverty, street violence and low English proficiency. Saint Anthony Hospital underwrites many of these expenses with grants and individual donors who also support these initiatives.

• Information and referrals
• QMB and Medicare parts A, B and D assistance
• Other government benefits counseling
• Quarterly senior breakfast club
Saint Anthony Hospital Vice President of Mission and Community Development Jim Sifuentes received the 2014 Equity of Care Leadership Award from the National Forum for Latino Healthcare Executives (NFLHE).

Sifuentes was unanimously selected by NFLHE because of his strong and impactful leadership. He has served as a leader within the health care and Latino communities, spearheaded our community outreach and built connections that far exceed the capabilities of other Chicago area institutions. Sifuentes is passionate about the diverse communities our hospital serves and has made a strong impact in providing services to those communities. As an integral health care leader, community activist and organizer, he and his team live and breathe the mission and vision of Saint Anthony Hospital.

He accepted the award at the NFLHE reception held during the American College of Healthcare Executives Congress on Healthcare Leadership in Chicago on March 16, 2015.
Saint Anthony Hospital held its first-ever Community Health Improvement Committee (CHIC) meeting in January 2015. The committee is a new initiative of the hospital and its Community Wellness Program to create an ongoing forum through which community organizations, leaders and residents can give feedback on existing community benefit services and help identify other resources to address health disparities and priorities within the communities that Saint Anthony Hospital serves.

With the implementation of the Affordable Care Act, hospitals like Saint Anthony are mandated by the federal government to complete a community health needs assessment. To engage the communities we serve and gain the input needed for this invaluable assessment, the Community Wellness Program decided to form CHIC.

Over 50 organizations from the Saint Anthony Hospital service area participated in the meeting, including Austin Coming Together, Brighton Park Neighborhood Council, Chicago Youth Centers, Esperanza Health Centers, Gads Hill Center, I AM ABLE Center for Family Development, Illinois Attorney General Lisa Madigan’s Office, Marillac St. Vincent Family Services, the Metropolitan Chicago Healthcare Council, Rauner Family YMCA of Metro Chicago and the Respiratory Health Association.

The meetings take place quarterly to gain insight from stakeholders and communicate Saint Anthony Hospital’s ongoing commitment to the communities it serves and are open to all local organizations, leaders and residents.
Arturo Carrillo, a licensed clinical social worker and Mental Health Supervisor for the Saint Anthony Hospital Community Wellness Program, was honored by the National Alliance for Mental Illness (NAMI) Chicago with their Community Health Advocate of the Year Award. This award recognized Carrillo’s major contributions toward bettering the lives of people in our community by making mental health services more accessible to those who fall through the cracks of the mental health system.

According to NAMI Chicago, “One in four people experience a mental illness during their lifetime, yet only half will receive treatment of any kind.” Stigma also continues to be the number one obstacle for obtaining treatment with inadequate resources a close second.

Carrillo started with Saint Anthony Hospital as an intern in 2007 and now oversees the Mental Health Services initiative. He is currently a candidate for his doctorate in social work at the University of Illinois at Chicago. Over the last five years, Carrillo has grown our program from serving just 45 clients in 2010 to 192 clients by 2014. He helped create Adolescent and Parent Education (APE), a parenting skills training course for families with preadolescent children. Additionally, he is the cofounder of Roots to Wellness in Little Village, a collaborative group of mental health organizations, coming together to pool resources, share common concerns and develop collaborative solutions.
Mental Health Services Expand to Brighton Park and North Lawndale

Mental health services are in high demand in our communities. Our initiative to increase access is one of the few programs in the Chicagoland area that provides free counseling to uninsured and underinsured adults and couples. Our number of clients served has increased by more than 40 percent every year, on average, for the last five years.

The two key neighborhoods that were identified to add and expand mental health services to were Brighton Park and North Lawndale.

**Brighton Park**

In order to increase access to mental health services for those in the Brighton Park area, we hired two full-time therapists in September 2014 to begin the expansion of our services in partnership with the Brighton Park Neighborhood Council (BPNC) and in commitment to our membership with the Brighton Park Neighborhood Network (BPNN). In order to establish ourselves in this community, we developed an initial plan with BPNC to conduct outreach in the community, speak to parents about mental health issues, develop an interagency referral system and provide mental health services. This work plan was developed in concert with BPNC’s school-based health promoters program supported through the BPNN.

By the end of June 2015, we made 12 outreach presentations to over 300 adults at parent-school meetings led by BPNC’s health promoters; served 16 adults from Brighton Park in individual therapy, two in couples and eight in group therapy; and engaged 15 Brighton Park families in two parenting skills courses.

**Lawndale**

Last year, Mental Health Services also expanded its reach to include the North Lawndale neighborhood, which primarily targets African-American adults. Between July 2011 and June 2015, 59 percent of our clients came from four Zip codes: 60623, which includes South Lawndale; 60632, Brighton Park and Archer Heights; 60629, West Lawn community; and 60608, which includes the Lower West Side community and Pilsen neighborhood. The remaining 41 percent of our clients came from more than a dozen other city and suburban Zip codes. In fiscal year 2015, the North Lawndale therapist began working half-time. The therapist immediately began a community needs assessment, which included meeting with community residents, organizations and other important stakeholders.

Our mental health program will continue to grow as we seek to address a severe gap in mental health services as a result of the many barriers that face those seeking counseling support, the most significant being cost and insurance status.
Saint Anthony Hospital Continues to Expand Primary Care Focus into Clinics

With an ongoing emphasis of integrating primary care into its communities, Saint Anthony Hospital continues to expand service lines into its Community Care Clinics. To account for the increasing need in quality health care services, the hospital has added three new family medicine physicians to its Brighton Park clinic at 4177 South Archer Avenue: Sarah Ahmed, M.D., Amrit Rao, M.D. and Harveen Soodan, M.D.

In addition to family medicine, the clinic offers additional services including: endocrinology, obstetrics and gynecology, pediatrics and surgical consultation for convenience to the neighboring residents.

Open houses were held in Spring 2015 to meet Saint Anthony Hospital’s new family medicine physicians, see the clinic remodel and meet with state dignitaries. Attendees enjoyed free food, door and raffle prizes, as well as health education and screenings.
Saint Anthony Hospital Hosts 2nd Annual Cancer Survivors Party

Saint Anthony Hospital celebrated Cancer Survivors Day for the second year in a row. The celebration took place at the hospital where we gathered in the chapel for prayer and speeches from our survivors. Over 50 attendees celebrated their remarkable endurance, strength and courage. Our patients have a strong capacity for patience and a drive to overcome obstacles that stand in their way.
Summer Fest Returns to Saint Anthony Hospital Campus for 9th Year

Festival served the community with free back-to-school physicals and health screenings

Saint Anthony Hospital hosted its ninth annual Summer Fest and Car and Bike Show on Saturday, June 6, 2015. 2,000 members from neighboring communities attended and participated in workshops, health screenings, live entertainment and free raffles. Wellness activities and education for the entire family, including free back-to-school physicals, vaccinations, eye exams with discounted vouchers for glasses, dental cleanings and information from all our community partner organizations were given.

Illinois Senator Martin A. Sandoval from the 11th Legislative District kicked off the event with a special welcome accompanied by the Celestial Ministries Drum Line. Chicago’s very own Dlow the Bop King headlined entertainment for the day with his famous Dlow shuffle, along with some of the city’s sports mascots.

Children enjoyed a variety of activities like face painting, create your own tie-dye t-shirt, carnival games, an inflatable slide and more.

A thousand book bags were distributed to get kids ready for school, and 2,000 individuals received food donated by the Greater Chicago Food Depository.
Honoring Our Local Heroes

Saint Anthony Hospital fired up the grill on September 5, 2014 for our 7th annual Heroes BBQ. Over 100 servicemen of the Chicago Fire Department, Chicago Police Department and Paramedics in our neighboring communities joined Saint Anthony Hospital staff to enjoy hot dogs, burgers and compete in our signature wing eating contest. The goal is to honor all for their hard work and dedication to the community and to our patients. In addition to the delicious BBQ, we also provided specialty made t-shirts, trophies and Awards of Recognition of Excellence. Awarded Heroes were: Pete Romero (Kedzie Fire house), Commander Francis Valadez (10th District), Officer Martin Acevedo (10th District), Officer Javier Avalos (10th District), Officer Robbin Gurvice (11th District) and Police Officer Steve Barsch.
A Special Thanksgiving Celebration

We celebrated our 8th annual Thanksgiving basket giveaway this year. Saint Anthony provided 100 families with Thanksgiving dinner. Donations to the Saint Anthony Foundation and partnerships with nonprofit organizations, churches and schools helped in being able to reach those most need and ensure that their families had a full spread on Thanksgiving Day, including a turkey, generously donated by Harmony Health and Alderman George Cardenas’ office. In addition to the basket giveaways, the hospital held a clothes drive in which employees came together to donate and invite the families to stop in and pick up as much as they needed. The hospital’s long standing relationships with community organizations and hospital employees graciously volunteering their time were a big part of the success of this event.
Foundation’s 9th Annual Golf Outing

On August 20, 2014, 200 golfers joined the Saint Anthony Hospital Foundation for a day of golf, raising over $170,000 in support of Saint Anthony Hospital’s greatest needs initiatives and Focal Point Community Campus. Accretive Health was the Premier Sponsor, and the Saint Anthony Hospital Medical Staff was the Lead Sponsor.

The Golf Outing moved to Cog Hill Golf & Country Club this year. Cog Hill, home of four championship golf courses, was ranked among the Top 100 courses in the country by Golf Magazine and Golf Digest and was an immediate favorite of our golfers.

Following an afternoon of golfing, guests enjoyed a seated dinner and presentation from the Focal Point project team: HDR Architects, Jones Lang LaSalle and Turner/Denco/Ardmore Tri-Venture. The team highlighted the new, expanded campus renderings and the latest research conducted. The emcee for the evening was NBC Chicago’s meteorologist Pete Sack. Thank you to all of our sponsors and supporters who made this event such a success!
Our Honored Guests
Events for Children in Our Community

Every year, Saint Anthony Hospital is committed to bringing free, safe and fun events for the children of our community. Engaging entire families year after year is one of the most rewarding experiences for all of us at the hospital. Not only do we offer free developmental and early childhood education classes in English and Spanish, we also host a multitude of family friendly festivals and events.

Saint Anthony also attended the “Day of the Kid” events at University of Illinois in Chicago, Brighton Park Youth Summit and in Back of the Yards. Children were provided with book bags and engaged in healthy, educational activities with our staff.
The mission of the Saint Anthony Hospital Foundation is to foster the spirit of philanthropy for every donor and provide capital resources to support the mission of Saint Anthony Hospital.
